

## Communication

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| <b>Date</b>          | 11 July 2026                                        |
| <b>Team ID</b>       | XXXXXX                                              |
| <b>Project Name</b>  | StudyAI – Smart AI Study Companion & Quiz Generator |
| <b>Maximum Marks</b> | 1 Mark                                              |

### Communication Plan:

| S.No | Communication Type     | Frequency | Channel / Tool                | Participants                            | Purpose                                                             |
|------|------------------------|-----------|-------------------------------|-----------------------------------------|---------------------------------------------------------------------|
| 1    | Team Standup           | Daily     | Google Meet / WhatsApp        | All Team Members                        | Discuss daily tasks, progress, and blockers.                        |
| 2    | Progress Update        | Weekly    | Google Meet / GitHub          | All Team Members & Team Lead            | Review completed work and plan upcoming tasks.                      |
| 3    | Issue / Bug Discussion | As Needed | WhatsApp / GitHub Issues      | Development Team                        | Resolve technical issues, bugs, and deployment problems.            |
| 4    | Stakeholder Review     | Bi-Weekly | Google Meet / Microsoft Teams | Team Lead, Faculty Mentor, Team Members | Present project progress and receive feedback.                      |
| 5    | Final Demo Rehearsal   | Once      | Google Meet / Offline Meeting | All Team Members                        | Practice the final presentation and assign speaking roles.          |
| 6    | Documentation Review   | Weekly    | Google Docs / Microsoft Word  | All Team Members                        | Review and update project reports, documentation, and deliverables. |

### Communication Challenges & Resolutions:

| S.No | Challenge Faced                                                                      | Resolution / Action Taken                                                                                             |
|------|--------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| 1    | Coordinating team schedules for meetings and development tasks.                      | Used WhatsApp and Google Meet to schedule regular meetings and assign responsibilities in advance.                    |
| 2    | Deployment and integration issues with the frontend, backend, and Firebase services. | Collaboratively debugged the issues, updated environment configurations, and verified the deployment through testing. |
| 3    | Minor bugs and feature integration issues during development.                        | Conducted code reviews, tested modules individually, fixed bugs promptly, and performed regular integration testing.  |
